## About Us

**Accord Group** started with a humble beginning six years ago as Accord Security and Allied Services Pvt. Ltd. and is now amongst the fastest growing Solutions providers. The changing needs of the Security and Services industry made us add different verticals making us the Accord Group today. The testing times that nation faced during growth of terrorism has come to stay as one of our biggest challenges today. This tumultuous period has indeed been transformational for Accord Group to evolve and emerge as a truly reliable provider of comprehensive services solutions for business, institutions and individuals, across geographies.

With our recognized highest standards of professionalism, training, quality control, rich experience, dedicated workforce, seamlessly integrated latest technology and vast infrastructure, Accord Security and Allied Services remains committed to provide the safest and most cost effective solutions to your security needs

**Mr. Vipin Bhardvaj** has been the torch bearer at Accord Group posts the untimely demise of the founder **Col KN Bhardvaj**. He with his rich and varied experience in managing equipment and personnel is responsible for Security Operations and is the Chairman of the Group. He is also looking after the Business Solutions vertical for all clients. **Mr. RK Bhardvaj** heads the Infra Projects division and focuses on new Projects as well as redevelopment and resale of developed properties.

We are assisted by a large number of veterans from the Defence forces in various positions all across the country. While the Officers from the Non technical branch look after manpower Security, recruitment of Ex Servicemen, transitional and continuous training and HR, the Technical officers look after Electronic Security and facility Management and Infra Projects works. They are assisted by a strong professional team comprising offhand picked Senior Officers, Branch Heads and a dedicated team of field Officers and staff.

## Training Schedule and Methodology

As per the requirements of the new PSAR act, we ensure that every security guard hired by us is trained for minimum seven days at a Govt authorized Security training centre. We also conduct in-house training at induction and refresher training capsules.

Further, the training at our own establishment and client specific training at sites is an ongoing process. The training methodology opted for is systematic and time tested, and is designed as per the cliental requirement. Other than basic training of safety & security implementation, fire fighting and specialized training is being imparted for different locations of deployment.

## Facility Management Services

We are aware that the Client today wants a single point of contact for managing the myriad services that are essential to keep his business up and running. We have therefore packaged all other services apart from Security under allied services and offer the client a single entity to manage all of them. This makes the administration easy and effective while keeping the budget economical.

All our manpower, from Technicians to House Keeping boys and Shift Engineers to Property Managers are handpicked and further trained during Project transition period to better understand client needs. Technical training and knowledge update on systems and processes is a continuous process at our Facility division.

### Affiliation for Security Guard Training through SPAARTA - Security Guard Training Center

At Accord, we are very particular about all labour and statutory compliances in order to ensure that the Client is free from all issues and the staff gets all the just dues.

## Financial Implication

As the saying goes – no price is too high for Safe and secured life & Property. **Accord** believes that services must be rightly budgeted and not cheaply priced. When service is cheap you are hiring threat, not prevention. Our precise site surveys, tailor made solutions, investments in human resources, training, infrastructure, communication network, technology, coordinated monitoring and supervision along with our geographical Study , gives us the unique competitive advantage to deliver cost effective services of superior value.

Our Facility Management team has wide experience of working with multinational companies and thus delivers the same quality and standards of services at most economical rates for the client

Even while maintaining our commitment to deliver value; our pricing would be most economic covering the basics of statutory compliances and liabilities.
